ARCHON model KB-WN Weld Neck Sightglasses

KB-WN are weld neck units designed to be welded onto pipe ends or into tanks or vessels. The lower flange is a standard ANSI 150# weld neck flange. Higher rated units are also available (300# and 600#).

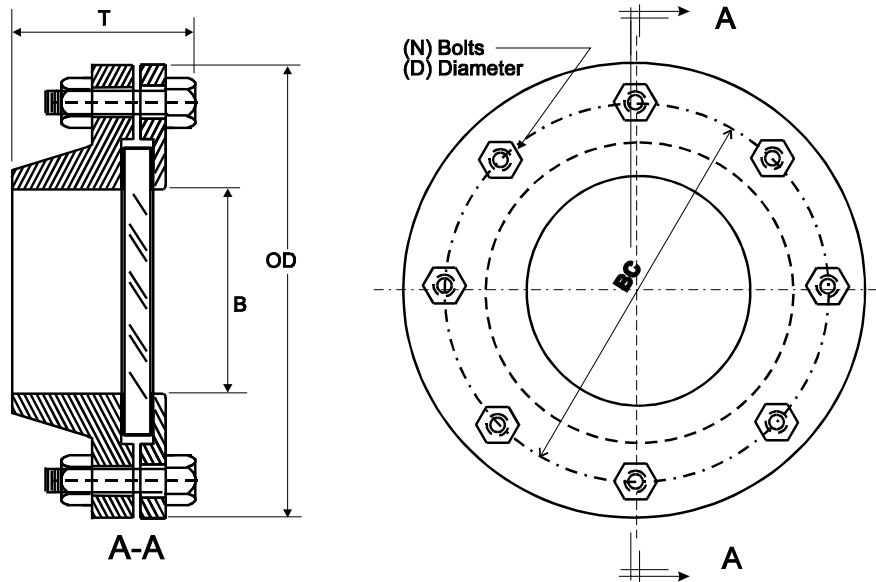

Material certification is furnished with all KB-WN units.

Available options include:

- Low Pressure Wiper
- High Pressure Wiper
- Hazardous and Non-Hazardous Lighting Units
- Spray Wash Systems

Standard sightglass lens material is Tempered Borosilicate(500°F) and Tempered Soda Lime(400°F). If your operating temperature requirement is above 550°F, we offer Vycor or Quartz glass.

Available pipe sizes range from 1" to 8" standard and other sizes are available upon request

Model	OD	B	BC	N	D	T	Maximum Pressure
KBWN-1	4-1/4"	1"	3-1/8"	4	1/2"	3.2"	150 psig
